## GET TO KNOW US A LITTLE BETTER

In 1990 an inquisitive young farm boy became intrigued with the art of woodcraft while working in a neighbor's woodworking shop. In his scant spare time among the seemingly endless hard work on the farm, Elam Esh started studying furniture journals and soon, building his own designs. It wasn't long till demand for his design led to a start-up business in a barn on his father's farm. At the suggestion of a friend, he found that his interest in balance and perception was a good match for the clean lines of Mission and Shaker style furniture.

Over thirty years later, the Christian morals and hard work ethic fostered on the farm are now rooted in the Country Classic Collection, delivering strong value and honesty in both designs and relations. Today the Country Classic Collection continues to grow with a beautiful selection of Mission, Shaker, Contemporary, and Modern styles. It's all Amish handcrafted uniquely for you in the heart of Pennsylvania Dutch country.

## WE STAND BEHIND WHAT WE BUILD

### Our Promise To You

- » We promise the handcrafted furniture you purchase is free from defects in material and workmanship for the life of the product.
- » We promise that, if the furniture should fail as a result of defective workmanship, we will repair it, or replace it, with the same or similar piece of furniture.

### What We Hope You Never Have To Do

- » But in the event you need to make a claim, we're always here to help. Simply contact the store that you bought your furniture from and we will make things right. If it is deemed necessary to return the product to our workshop, all packing and shipping costs will be charged to the purchaser. Thank you for choosing the Country Classic Collection and putting your trust in our dedicated Craftsman!

## CUSTOM, LEAN AND AGILE

### What we do and why we do it

Yes, we build furniture, but the reason we are here is to serve you. We are primarily in the business of satisfying customers. We do that by embracing lean techniques. We are constantly working on eliminating waste and making the best use of the precious resources God has provided us. By doing this with both our time and materials, we can achieve our goal of delivering value that you are completely satisfied with.

### Go ahead - Customize it!

Because of these innovations in lean manufacturing, each piece is built to order for you with your choice of color, hardware and wood species, as well as any size changes you may need. We can change sizes on any piece to make it longer, higher or wider. You can even add drawers and doors to get exactly what you want. We work hard to better satisfy, so go ahead and customize it to fit your needs!

**STANDARD ORDER PROCESS:** Follow these simple steps. You will be directed by the Icons below to help you through the Order Process on the following Options pages.

**OPTIONAL DIMENSION & COMPONENT CUSTOMIZATION:** If you love our furniture but need a custom size or feature follow this process.

STEP 1 CHOOSE YOUR WOOD SPECIES

**REAL AMERICAN HARDWOOD**

— TO LEARN MORE — ABOUT REAL AMERICAN HARDWOOD PLEASE SCAN THIS QR CODE.

**SPECIALTY FINISHES ARE A BEAUTIFUL ADDITION TO ANY FURNITURE CHOICE.**

Simply add the code before the OCS color you choose to order. (Specialty charges may apply.)

**O: Red Oak**  
A beautiful hardwood chosen 50% of the time by Americans for their home furnishings. With three dimensional warmth, relatively uniform color and great durability this species is a popular choice for a reason. It has long been an American staple being the most widely used and purposeful wood since the colonial days.

*Most Popular Species*

**RSO: Rustic Oak**  
Our popular Red Oak species but with the rustic charm of nature's knots & pits. Like our other Rustic species the open knots get filled on tops and shelves with black epoxy that highlight the natural beauty of this popular hardwood.

**M: Maple (Unselected)**  
Grown and sustainably harvested from the Great Lakes to the Appalachian mountains. Maple is harder than Red Oak and has a durable, tight grain structure. Its tones are more yellow and creamy than cherry. The luster and changing beauty it creates as light infuses it from different angles plus the natural coloration makes Maple one of the most attractive American hardwoods. We use mostly "heart wood" thus the color tones vary from light to beige to dark brown.

**WRM: Wormy Maple**  
Graded out from standard Maple because of the dark "sap streaks" that naturally occur. It is also graded separately for the many "worm" holes thus giving it its name. This is an attractive choice for those who love the natural beauty and variation of wood patterns. The dark and light combined with sap streaks and "worm" holes give it a charming and naturally rustic appeal.

**C: Cherry**  
The finest growth occurs right here in our home state of PA and in West Virginia. The lighter reddish-brown tones create a warm, luxurious look that has made it a favorite for state rooms and mansions which is why this species has become synonymous with wealth and quality. It includes small pitch pockets of mineral and is susceptible to UV and will always darken with light exposure.

**RC: Rustic Cherry**  
The same wood as Cherry but with the natural beauty of the "heart wood" (from the center of the tree). This arresting choice contains more of the "sap wood" and "pitting" than standard cherry as well as knots and natural cracks and splits. The character forms a unique and rustic appearance with an unexpected flare.

**RH: Rustic Hickory**  
All the strength and durability you would expect from grade Hickory but with the added beauty of knots and pits. Open knots & pits get filled in tops of shelves with black epoxy giving an even surface while highlighting the character of this hardwood. Tell a story — make a statement. Revel in nature's handiwork.

*Specialty Finishes* >> **AVAILABLE ANY COLOR OR SPECIES**

LD, AT & RG-RP colors will be darker than the standard color samples because of the glaze that is applied.

**LD: Light Distressing**  
Worm holes, light splits and light dents all highlighted with a brushed glaze to give it an aged appearance.

**AT: Antiquing**  
Worm holes, heavy splits, dents, gouges and worn and filed edges are all highlighted with a brushed glaze to give it an antiquated appearance.

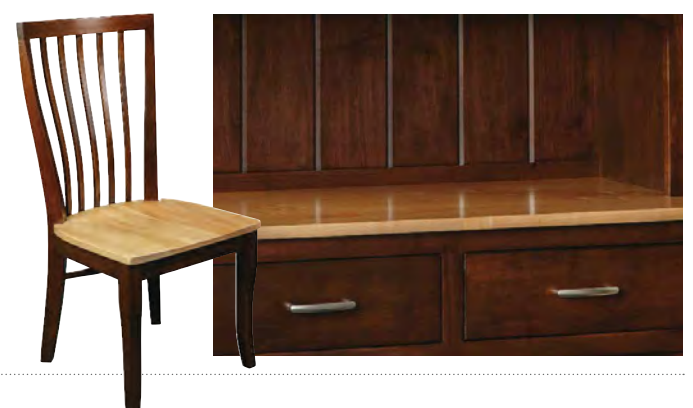

**RP: Rub Through with Provincial (brown) Glaze**  
Rub through edges are highlighted with brown glaze to give it a worn appearance.

**RG: Rubthrough with Graphite (grey) Glaze**  
Rub through edges are highlighted with a grey/charcoal glaze that gives a worn appearance.

**2T: Standard Two Tone**  
With your choice of any 2 stain or paint color combinations.

## INTRODUCING THE NEW FARMSTEAD OCCASIONAL COLLECTION

★ NEW ★  
Design

"A journey of a thousand miles begins with a single step". That step was taken over a quarter century ago with a young boy dreaming of creating value through solid, enduring craftsmanship. This striking collection is designed to commemorate the old Farmstead where the journey began. The attractive braces on the doors and the paneled sides reflect the styling of the old dairy barn where the hard work and integrity behind the vision were fostered.
